

## TYPICAL SPECIFICATIONS

Custom-worded, illuminated signage is available using the same sturdy construction and electrical design as **Ready-Lite**® Exit Signage.

A wide range of sign body options and colour choices are available to suit any application.

Contact your local **Ready-Lite**® sales representative to discuss your specific requirements.

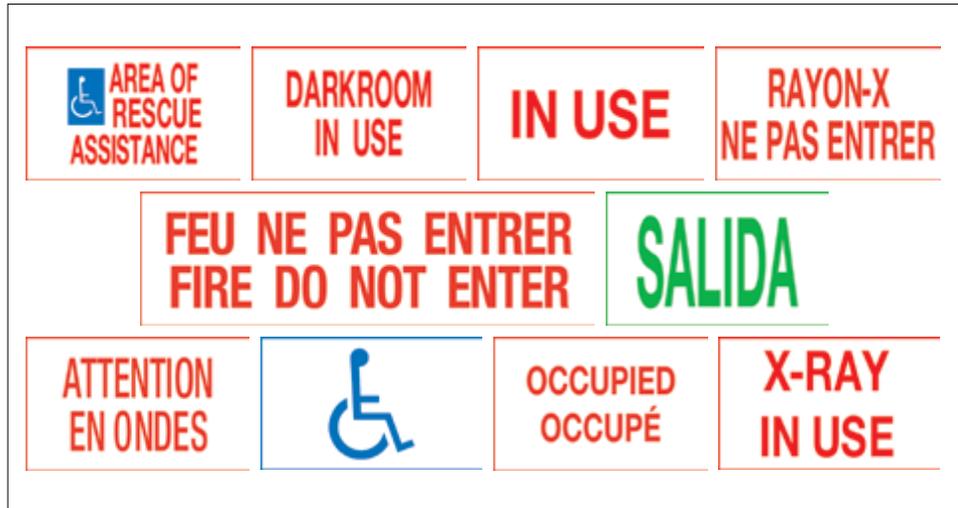

# SPECIAL WORDING

## Illuminated Signage

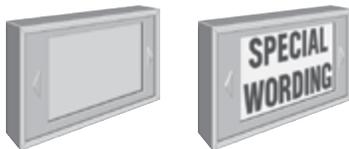

### FEATURES

- The same sturdy construction and electrical design used in our Exit Signs is used to produce our custom-worded, illuminated signage
- Sign bodies - steel, extruded and Die-Cast aluminum, weatherproof, flame-retardant polycarbonate, recessed housing
- Also available with Self-Powered canopy and with emergency lamps
- Custom wording – any style of lettering, any language, any alphabet, any special characters
- Graphics – logos, standard symbols, custom art
- Colour choices – sign bodies, message, faceplate panel
- Illumination – LED (light-emitting diodes) – other light sources available - consult representative
- White-out, black-out and split picture options

### EXAMPLES

#### WHITE-OUT OPTION

NON-ILLUMINATED

ILLUMINATED

When the sign is non-illuminated the acrylic panel in the faceplate appears blank white. The message appears only when the sign is illuminated.

#### BLACK-OUT OPTION

NON-ILLUMINATED

ILLUMINATED

When the sign is non-illuminated the acrylic panel in the faceplate appears black. The message appears only when the sign is illuminated.
