TabLok™ Bracket Support System

Attaching ExpressTray® tray lengths to brackets has never been easier or faster! The TabLok™ profile eliminates the need for hardware, reducing installation time and cost.

Only a screwdriver is required.

The TabLok® profile is available in straight bracket lengths, center-hung assemblies, “L” style and “J” style brackets. See pp. B16-B18 for complete ordering information.

*Tabs are designed to be bent from above or below.
